

QuietR[®] Rotary Duct Liner

QuietR[®] Rotary Duct Liner enhances indoor quality by absorbing noise within sheet metal ducts, and contributes to indoor comfort by lowering heat loss or gain through duct walls.

Key Benefits:

- High erosion rating with 6,000 feet per minute (FPM)
- Outstanding thermal and acoustical performance
- Absorbs fan and air turbulence noise and reduces popping noises within sheet metal ducts
- Strong, dark veil with a durable air stream
- Veil treated with an EPA registered biocide that protects the airstream surface from microbial growth
- Flexible, allowing contractors to make fittings without cutting the liner
- Virtually no fused glass fibers

Product Information:

- Vacuum packaging uses less warehouse space and allows for more loads per truckload
- Rolls make it easy to stack the product
- Packaging is easy to handle in unloading, storage and fabrication

Certifications and Sustainable Features:

- Certified by Scientific Certification Systems (SCS) to contain a minimum of 53% recycled glass content, 31% pre-consumer and a post-consumer content at 22%
- Received the Cradle to Cradle Products Innovation Institute's Bronze Level Material Health Certificate
- Certified to meet indoor air quality standards under the GREENGUARD Certification Program, and is also GREENGUARD Gold Certified* (formerly GREENGUARD Children & Schools)
 - Meets the GREENGUARD GOLD Certification requirement of lower total VOC emission levels to ensure that products are acceptable for use in environments such as schools and healthcare facilities

Standards and Codes Compliance:

- ASTM C1071, Type I, Flexible
- NFPA 90A/90B
- ICC Compliant
- California Title 24
- SMACNA Application Standard for Duct Liners
- NAIMA Fibrous Glass Duct Liner Installation Standard
- Conforms to ASHR AE 62-20 01
- Meets requirements of ASTM C1338, ASTM G21, (fungi test) and ASTM G22 (bacteria test)

Owens Corning:

- Works with you to get product specifications
- Continually invests in a growing line of quality insulation products to be your single source of insulation
