

### **Energy-Efficient Packaged Heat Pump**

14 SEER | 8.0 HSPF APH14H | APH14M

Premium **Amana** Brand Quality Energy-Efficient Compressor / All-Aluminum Evaporator Coil

# **Energy-Efficient Packaged Heat Pump**

APH14H | APH14M | 14 SEER | 8.0 HSPF

### Features to be proud of:

### Energy Efficiency

SEER or Seasonal Energy Efficiency Rating is a measure designated by the U.S. Department of Energy and gives you a good idea of the performance you can expect from air conditioners and heat pumps. At a 14-SEER cooling rating, the Amana brand APH14H and APH14M Packaged Heat Pumps deliver an 8.0 HSPF (Heating Seasonal Performance Factor). When you choose an energy-efficient Amanabrand heat pump, year-round indoor comfort is combined with year-round savings.

#### Quiet Comfort

Many homeowners may think the best packaged air conditioners are not seen or heard. To minimize operating sounds, we've combined quiet compressor technology with a high-density foam sound cover, plus a fully-insulated blower compartment to provide unobtrusive performance well below those of air conditioners not equipped with these noise-reduction measures.

## An enhanced level of comfort before and after your purchase

When it's time for a new indoor comfort system, you shouldn't have to sweat the decision of which manufacturer to choose. The legendary **Amana** brand, trusted by generations for its performance and reliability, gives you one less thing to worry about. Choose one of our packaged heat pumps with confidence, knowing you're getting the world-class engineering and good ol' American craftsmanship you've come to expect from the **Amana** brand.

## Efficiency and longevity make this the total package

No matter which energy-efficient Amana brand packaged heat pump you choose, you'll enjoy years of cost-effective, worry-free indoor comfort from a single, self-contained unit. Featuring quick and easy installation, as well as limited warranty\* protection, our packaged heat pumps can deliver heating and cooling capacity from two to five tons, and a Seasonal Energy Efficiency Ratio (SEER) of 14 and an 8.0 Heating Seasonal Performance Factor (HSPF).

## You'd be hard pressed to find a better compressor

Perhaps the most important component in a heat pump in terms of cooling efficiency and performance is the compressor — the heart of your packaged comfort system's operation during summer months. **Amana** brand APH14H and APH14M Packaged Heat Pumps feature an energy-efficient compressor.

## The security of the **Amana** brand's amazing limited warranties\*

To truly seal the deal, Amana brand packaged heat pumps are backed by one of the best warranties\* in the industry. The longevity of premium Amana brand products combined with this excellent warranty\* coverage offer you a level of purchase protection that's the stuff of legend.

### LIMITED WARRANTY\* PROTECTION

\*Complete warranty details available from your local dealer or at www. amana-hac.com. To receive the 2-Year Unit Replacement Limited Warranty and the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

## The **Amana** brand APH14H and APH14M Packaged Heat Pump advantages:

- Energy-Efficient Compressor Using chlorine-free R-410A refrigerant, it provides years of reliable cooling comfort, 14-SEER cooling and 8.0 HSPF heating performance for lower energy bills compared to units with lower SEER and HSPF ratings.
- Efficient Cooling Capacity Refrigeration-grade premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-410A refrigerant.
- All-Aluminum Evaporator Coil A single metal solution that is designed for enhanced durability and performance.
- Heavy-Gauge Galvanized Steel Enclosure Powderpaint finish protects your system from extreme outdoor elements.
- Quiet Operation Fully-insulated blower compartment with convenient access panels, a high-density foam compressor sound cover.
- Self-Contained Package Unit Design Affords multi-position installation on either the ground outside your home or rooftop of your home.

**14**SEER **8.0**HSPF

Model	SEER	HSPF	2 to 5-Ton Capacity	Installation Options
APH14H	14	8.0	<b>Ø</b>	Dedicated Horizontal
APH14M	14	8.0	<b>Ø</b>	Multi-Position

### A legacy of comfort

The impeccable reputation of an American original

Amana brand heating and cooling systems are a part of the enduring legacy of one of America's most recognized and respected brands. Originating eight decades ago in Amana, Iowa, the brand is synonymous with long-lasting, premium quality products — from home appliances to heating and air conditioning equipment. Chances are, you and generations before you have enjoyed the dependable performance and longevity the Amana brand continues to deliver.

### **HVAC Communicating Control**

**ComfortBridge** technology offers off-the-wall smart communicating systems capable of customizing energy-efficient performance, use of any single-stage thermostat, and more.
