Comfort for life

Daikin is a global leader for indoor comfort, with millions of systems installed throughout the world. Today, millions and millions of people trust Daikin to deliver comfort for life to families and businesses alike.

Dependable compressor

One of the most critical components of a packaged gas/electric unit, air conditioner or heat pump is the compressor. Daikin brand DP13GM Gas/

Electric Units, DP13CM Air Conditioners and DP13HP Heat Pumps boast high-performance, high-efficiency compressors, which operate in tandem with our high-efficiency coil. The coil is made of refrigeration-grade copper tubing and aluminum fins in a design that maximizes surface area. These high-quality components together cool effectively. This exceptional construction offers one of our best levels of reliability, durability, and efficiency you'll find in a compressor.
