

TARGET PINS™

BDEP Aerodynamic Washer Target Pins

Target Pins are a patented insulation fastener design. The distinctively embossed washer with recessed nail head improves the quilting contour of the secured duct liner as well as providing a strong stable welding contact point.

- Consistent formed points penetrate the toughest duct liner for more uniform welds.
- Patented aerodynamic washer and recessed nail head provides a flush air stream “friendly” finish to the insulation surface.
- Unique embossed washer provides added strength and stability.
- True “dished” edge for improved insulation quilting contour.

Another of the “World’s Finest Insulation Fasteners”, all Target Pins have a smooth shank, consistent point and no burrs. Target Pins are sold in 5 gallon buckets.

BDEP Aerodynamic Washer Target Pins
Are designed to be used with all Duro Dyne pinspotter models: FGMH, FG, RH, PBF, MF.
BUCKET PACK - Sold Per Bucket Only

Item#	Code	Description	Quantity
26220	BDEP12	1/2 inch Aerodynamic Target Pins w/ Dished Washer for 1/2 inch Duct Liner	5000 Per Bkt.
