

INDUCTION MOTORS

ECM MADE EASY™

Shaded Pole or PSC motors
 (typically built with two brown
 or purple run capacitor wires)

Replace with Evergreen[®] IM Motors

- Match HP, VAC and RPM ratings
- FLA (amperage) rating does not need to match
- If the old motor does not use a belly band mount, a new mount will be needed
- 1/2 HP motors can be replaced by either stock # 6005 or 6010. See chart below for the correct replacement.

1.5 - 3 Ton A/C	40 - 95K BTU Furnace	Stock # 6005
3.5 - 5 Ton A/C	100 - 150K BTU Furnace	Stock # 6010

STOCK	HP	VOLTS	RPM
6005	1/2 - 1/5	115/230	1075
6010	1 - 1/2	115/230	1075
