

**Keep Your A/C Going!**

## Smart Automated AC Drain Pan & Line Cleaning System

The only “SMART” connected device of its kind on the market, iFLO PRO® dispenses a proprietary cleaning solution directly into the A/C condensate drain pan or drain line.

### Why iFLO PRO®

- iFLO PRO® automatically cleans your A/C drain pan and drain line to protect your home from A/C leaks, water damage, and shut offs
- iFLO PRO® requires professional installation with a Float Switch monitor and 24-Volt Power connection
- iFLO PRO® prevents emergency overtime service calls through the Float Switch monitor
- iFLO PRO® supplies you with a professional grade bottle of a higher concentrated solution for added protection and prevention
- iFLO PRO® comes with an extended warranty of 5 years
- iFLO PRO® keeps your A/C drain line clear of clogs and preserves the life of your air handler

### How it works:

- iFLO PRO® is a smart connected device, powered by the iFLO PRO® App giving you a real time dashboard to monitor your home and device
- iFLO PRO® installation dispenses iFLO's professional grade solution directly into your drain pan, proactively addressing the problem from the start
- iFLO PRO's connected Float Switch instantly notifies you and your contractor if your A/C ever backs up, giving you the opportunity to address the issue as quickly as possible

**Keep Your A/C Going And The Cool Air Flowing!**
