YOU'VE NEVER SEEN
ANYTHING LIKE
THE F6 BEFORE

THE NEW F6 DUAL PISTON RECOVERY UNIT RECOVERS REFRIGERANT AT INDUSTRY LEADING SPEEDS AND IS BACKED BY AN UNSURPASSED 3 YEAR OTC WARRANTY.

MICRO-CHANNEL CONDENSER FOR INDUSTRY LEADING RECOVERY RATES

POWERFUL DUAL PISTON COMPRESSOR

THREE YEAR OVER-THE-COUNTER WARRANTY

FULL ONE HORSEPOWER MOTOR

OVER-SIZED COOLING FAN FOR SUPERIOR HEAT DISSIPATION

SELF-PURGE WITHOUT CHANGING HOSES

HEAVY DUTY HANDLE WITH COMFORTABLE RUBBER GRIP

SIMPLE TWO-VALVE OPERATION

 NEWS | GOLD

THE F6 IS THE GOLD STANDARD IN RECOVERY

Recessed Gauges

Sturdy Metal Knobs

Easy-to-Access Filter

Self-Purge Without Changing Hoses

Carrying Strap with Shoulder Pad

Heavy-Duty Metal Handle with Comfortable Rubber Grip

Rugged Blow Molded Outer Shell

Micro-Channel Condenser for Industry Leading Recovery Rates

Large Fan for Superior Heat Dissipation

1 Full Horsepower Motor

Powerful Dual Piston Compressor

Circuit Breaker

Simple Two-Valve Operation

3-Year Over-The-Counter Warranty

Detachable and Replaceable Power Cord for Easy Maintenance

Speed throughout the recovery cycle is contingent on a few factors:

- 1) Compressor throughput
- 2) Size of your hoses, fittings, connections
- 3) Ability to condense refrigerant in a hot ambient temperature

THE F6 EXCELS IN REAL WORLD CONDITIONS

- HIGH TEMPERATURE, HIGH PRESSURE! The F6 1 horsepower motor and large direct drive fan enable it to maintain recovery rates during tough on-the-job conditions

1 HORSEPOWER DUAL PISTON COMPRESSOR – BUILT FOR SPEED

- Full 1 HP motor is twice the size of most competitive units
- Dual piston compressor for twice the pumping power of many competitors
- Biggest compressor available

SUPERIOR MICRO-CHANNEL CONDENSER

- Best condenser on the market
- Lowers discharge pressure and temperature, leading to faster rates throughout recovery cycle
- 40% better efficiency than traditional tube and fin condensers
- Outperforms competitors
- Lowers tank pressure and temperatures resulting in increased speed through recovery cycle

LARGE DIRECT DRIVE FAN

- Accelerates cooling of micro-channel condenser leading to lower head pressures and faster rates

BUILT FOR LONGEVITY

- Industry's best three-year OTC warranty
- All metal base, knobs, and handle
- User friendly two valve operation
- 2 1/4" protected gauges for both suction and tank pressure
- Self-purge without the need to change hoses
- Rugged, noise absorbing blow molded outer shell
- Detachable power cord
- AHRI listed
- Padded shoulder strap for easy on-the-job lifting
- Circuit breaker prevents blown fuses on the job site
- Perfect partner for JB's vacuum pump
