

Dear Westwood Customer,

Here is the latest Westwood Heating Products Catalog. As with our previous issues, this issue has new items and additions that are geared to the heating service industry. Every section has been revised and updated in our ongoing effort to make the Westwood Catalog the most comprehensive reference source for the products your customers, as professionals, demand and deserve.

In keeping with today's trend toward renewable fuels, we have expanded the number of products that are "BIOFUELS COMPATIBLE". Look for our logo (shown below) throughout the new catalog.

Our customers continue to remark that they had no idea such a varied and complete line of products was hidden amongst all those pages. Take a look yourself and browse through this latest issue. A small investment of time will prove a worthwhile experience. You will find that Westwood has truly become a "one stop" source for all your heating specialty needs.

Sincerely,

Pat DiNicola
President

Warranty: Westwood Products Inc. guarantees that any product of its manufacture which is found to be defective in material or workmanship and is not suitable for use or service for the purpose for which it is designed will be replaced free of charge within one year of purchase. This includes transportation costs (US only) but no costs of installation. Inspection must be performed by a Westwood representative. This shall be Westwood's maximum liability. The sale of these products under any other warranty, expressed or implied, is not authorized by Westwood.

Rev. 9-1-13

PUBLIC NOTICE OF RESTRICTED PRODUCT USE

 The products shown in this catalog are "for professional use only" and not for use by the general public. They are for use in servicing heating equipment by a trained, qualified technician familiar with such systems, equipped with the proper tools and equipment, familiar with all governing codes and ordinances, and licensed by the proper authority where applicable. **WARNING: USE OF THESE PRODUCTS BY AN UNQUALIFIED PERSON CAN RESULT IN HAZARDS TO THAT PERSON AND OTHERS. THESE HAZARDS MAY INCLUDE RELEASE OF FUEL, FIRE, SEVERE BURNS, DAMAGE TO SYSTEM COMPONENTS, AND OTHER HAZARDS.**
